High Quality ENT PVA Sponge Products

Innovia Medical is a **family of specialty surgical companies** that are passionately committed to partnering with medical professionals to help elevate the delivery of patient care and improve clinical outcomes.

ELEVATING CARE. IMPROVING OUTCOMES.

Innovia Medical companies develop and manufacture a portfolio of product solutions designed with both the medical professional and their patients in mind, to deliver care that:

- Saves time for both the medical professional and patient
- Delivers a consistent and predictable care experience
- Improves patient confidence with reduced recovery times and less discomfort

Innovia Medical does this through a commitment to innovation leadership, unsurpassed product quality and a dedication to provide responsive, personalized customer service.

INNOVATION LEADERSHIP.

Innovation leadership is fueled through our dedication to collaboration with medical professionals. We regularly seek feedback and input from physicians, nurses, and other medical professionals through product research, testing and development.

This allows us to truly understand the solutions medical professionals need, and guides our innovative culture focused on inventing new, industry-leading solutions and reinventing current solutions that make ordinary products extraordinary, across the specialty surgery spectrum.

UNSURPASSED PRODUCT QUALITY.

Our products deliver proven solutions and dependability which is the result of rigorous quality control and a relentless commitment to ongoing manufacturing improvements. We use only the highest quality materials and subject all products to rigorous inspection protocols. This is why we're proud to have so many customers who have continued to rely on our solutions for more than forty years.

RESPONSIVE, PERSONALIZED CUSTOMER SERVICE.

From our sales representatives to our customer service team, every associate at Innovia Medical strives to deliver an unrivaled customer experience. This begins by ensuring that each customer receives the product that is right for their specific needs. We provide assistance through technical support and live customer service representatives with extensive product knowledge, available throughout the day. We deliver quick and thorough responses, every time—from order and shipping confirmations to delivery date communications and more ensuring continuous satisfaction.

We know you're committed to providing the best patient care experience possible and that's why we commit to being your trusted partner helping you every step of the way. At Innovia Medical, we are not just products, we are part of the patient care solution.

Reasons to choose NETCELL PVA

High quality PVA sponge is an easy and effective way to improve patient comfort and reduce trauma.

NETCELL PVA Sponge

- Smooth and soft surface
- Small uniformed pores
- **Decreased** risk of tissue adhesion and postoperative bleeding

Exclusive NETCELL PVA technology features in all our ENT sponge products to increase absorbency and fluid retention whilst decreasing risk of tissue adhesion.

Competitor PVA Sponge

- Rough and uneven surface
- Large irregular pores
- **Increased** risk of tissue adhesion and postoperative bleeding

PVA Nasal Pack

- Postoperative stenting tamponade
- Specifically designed for use after septal, turbinate and rhinoplasty surgery
- Provides gentle, equal pressure within the nasal cavity when absorbing postoperative bleeding
- Available with airway tube for improved venting, patient comfort and reduced risk of obstruction
- Suitable for delivering medication directly to the surgical area

Supplied sterile, single-use
